COSC 4354 Senior Capstone Authorization Request

Instructions: This form is to be completed by senior undergraduate students under the Bachelor of Science in Computer Science to officially request authorization to enroll for COSC 4354 Senior Capstone. You must also be in final term of graduation to request authorization. Eligibility for final enrollment in this course also includes successful completion of required pre-requisites, senior standing, and applying for graduation via your SAIL account in final term. Should you fail to meet any of the criteria after authorization has been granted, you may be subject to an administrative drop.

To obtain authorization, please drop off completed form to: <u>Margo Carrasco, Senior Administrative Assistant for Computer Science in Center for Instruction, 301.</u> Requests should be submitted no later than one week before early registration begins. Failure to request by deadline may result in delay in permission to enroll by designated early registration dates.

Student ID: _A_____

Last Name (please print): _____ First Name: _____

Final Term of Graduation (i.e. Spring 2019): _____

Email address (please print): _____

Phone: (_____)_____
